

PHASE III: TRANSITION

In this phase, you will have 15 minutes to check what the other two committee members have talked about during their small group discussion (in the format of a chat log). The chat log was originally generated in Mandarin, and it was converted into English through machine translation.

The information in the other group's chat log may help your evaluations of the candidates. Please read the chat log and take notes. The system also generated several key words or phrases from each translated message. Please use the key information if needed.

You will be required to fill out a short survey that asks about your experience and reflections after completing the transition phase. Please click the NEXT to start.
